

The Bouncer - J868

Technical specification

1- **The 125mm diameter post** is made of lacquered galvanised steel. The two-tone grey graining finish has a slightly undulating surface for increased scratch resistance.

2- **The spring** is made from Grade 35SCD6 steel, shot blasted, stress relieved, zinc coated and finished with two coats of epoxy polyester powder 100 microns thick. Proludic have patented an exceptionally strong and secure polyamide fixing for the spring ensuring long product life and exceptional levels of safety.

3- **The seat** is made of shock-absorbing rubber with non-slip surfaces.

4- **The tubes** are made of stainless steel, diameter 40mm, guaranteeing lasting durability and reliability of the equipment.

5- **The stainless steel fixings** are protected by polyamide anti-vandal caps.
